

INTRODUCING SOLID PLASTIC PRO LOCKERS MADE FOR PROS, BY PROS

Solid Plastic (HDPE) Pro Lockers are specifically designed for applications that require easy access to uniforms and equipment.

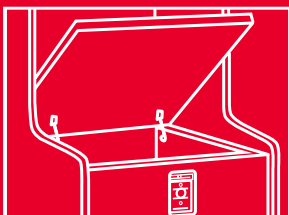

Pro Lockers are ideal for high-humidity applications because HDPE is impermeable to moisture and helps prevent mildew. These lockers come standard with ventilated doors that promote aeration, so damp locker contents can dry more quickly.

HDPE is also resistant to graffiti as well as common cleaning agents, making it a great choice for high use and abuse environments.

Sturdy and Durable: The footlocker and seat/lid are constructed of 1" thick HDPE, while all other components are manufactured of 0.5" thick HDPE.

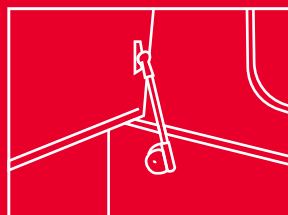

Solid Plastic Pro Lockers shown in Blue #9509

WHAT MAKES PRO LOCKERS UNIQUE:

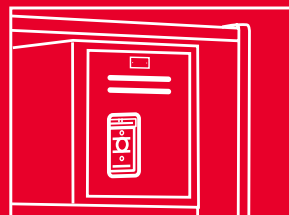

THE INDUSTRY'S ONLY FOOT LOCKER WITH FULL-WIDTH ACCESS

Frameless, slow close seat/lid provides full-width access to the large foot locker storage area. The foot locker can be padlocked for additional security.

SLOW CLOSE LID SUPPORTS

The foot locker lid is securely fastened using slow close supports that help prevent loud slams and pinched fingers.

THE ULTIMATE STORAGE SOLUTION SECURITY FOR YOUR VALUABLES

Equipped with a lockable security box handle that can accept a padlock, built-in combination lock, built-in key lock, or digital keypad lock.

HDPE Pro Lockers are equipped with a security box on the locker's top shelf. The security box door comes with horizontal ventilation slots, a full-height piano hinge, and a black, recessed cup handle capable of accepting padlocks, built-in combination locks, built-in key locks, and electronic keypad locks for additional security.

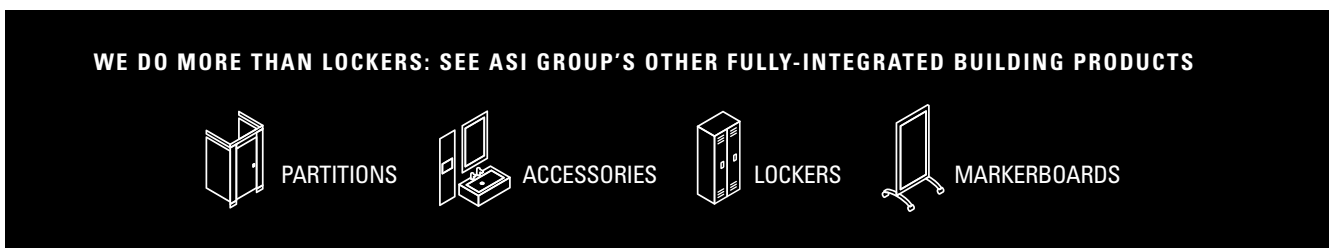

An ASI exclusive edge-to-edge access foot locker. A unique frameless closing system, offers a full-width opening, so larger objects can enter the foot locker more easily.

Security: The security box is housed on the top shelf, and is perfect for storing small items—measuring 12"W x 12"D x 12"H.

Warranty: ASI Pro Lockers are backed by a 20-year warranty, as these virtually maintenance-free lockers will never rust, rot, or corrode.

Easy to install: Pro Lockers are shipped fully assembled and can be secured to adjacent lockers easily using stainless steel, tamper-resistant fasteners.

Dimensions	
Height	72"
Widths	24" or 30"
Depths	18", 21", or 24"
